Session 103E	-	SMTWTFS	/	Review	Practice Water Skills
Session 103F	-	SMTWTFS	/	Review	ASA Water Test

American Sailing Association certification is possible for every course listed above (see sessions D-F above). A.S.A. certification is recognized by most worldwide boat rental and charter companies. Sometimes your boat insurance company does recognize your certified skill and reduces your insurance premiums accordingly.

If severe weather changes this schedule, your instructor will notify you at least one hour before the class starts. If students need to reschedule, in less than 7 days, a \$99 rescheduling fee is charged. KYSC members can have sailing lessons taught on their boats by reimbursing mileage costs to the instructor. All prices and schedules can change without notice. We accept all major credit cards.
